COSTAPOLYPROPYLENE 4

COSTAUPHOLSTERED 5

DIMENSIONS 7

COSTA POLYPROPYLENE

This iteration of the Costa provides a sublime contrast between the lush pastel tones of the curvaceous outer shell and the upholstery of the seating area you specify to suit your workspace.

The shell can be specified as either grey, blue or green at point of order.

Black nylon feet come as standard and contemporary chrome legs are there as an option when the environment requires a more elegant touch, or where the user requires a higher seat height.

COSTAUPHOLSTERED

For those environments that require an additional level of allure and comfort, Costa can be specified fully upholstered.

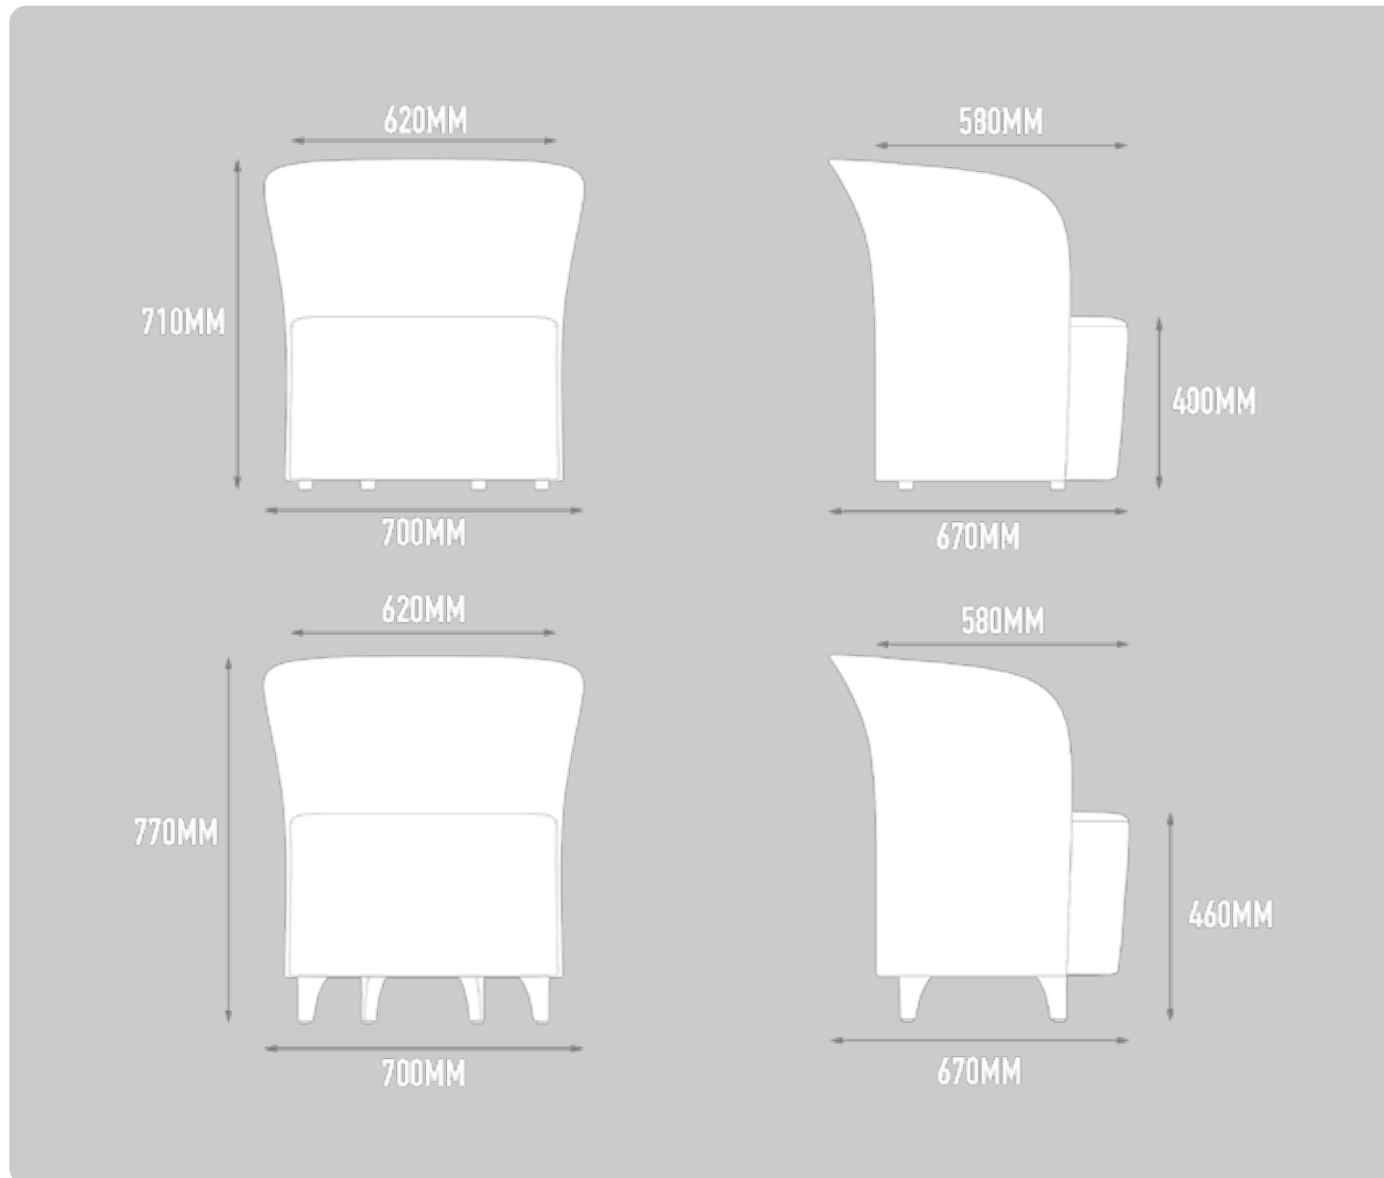

The curvature inside this exquisite tub offering envelopes the user, providing the specifier with an option that not only looks the part but one that acts it too, with the user able to comfortably and effectively take part in agile working ventures away from the desk.

This version of the Costa is available in single or two-tone upholstery, with a choice of black nylon glides or chrome feet.

DIMENSIONS

A modern office lounge with colorful armchairs and tables. The room features a grey floor, a white wall with a chalkboard, and large windows. In the foreground, there are several armchairs in shades of purple, green, and blue, arranged around a small round table with a laptop and a cup of coffee. In the background, there is a dining table with white chairs and a chalkboard with some writing on it.
